The company comprises a team of dedicated professionals who are committed to delivering the demands not only in time but also to the entire satisfaction of customer. The Company has focused on trading in textile products and have diversified its business into real estate redevelopment in and around, Mumbai.

BUSINESS SEGMENT: TEXTILE

a. Industry Structure and Development:

Domestic textile industry has experienced a swiftly evolved in past decade and further continues to evolve faster in India. Influence of competitively priced private labels in modern trade and e-commerce market places are bringing in new value conscious consumers to the industry and whereas on the other hand, fashion led premium consumer’s preferences are switching over to product made from high end fabrics and innovative designs. The market is clearly drawing distinction between the value led and the fashion conscious consumers both in terms of product as well as the channel preferences. In this modern youth era, innovations in products and designs are gaining significance to attract emerging young consumers across the value chain. Increasing disposable income and urban families will continue to expand the growth opportunities for the category. The implementation of gst has helped the organized retailers by reducing influx of cheap alternatives from international and domestic unorganized industry.

b. Opportunities and Threats:

The future for the Indian textile industry looks promising, by both strong domestic consumption as well as export demand. The Indian textile industry is expected to showcase a stable growth in FY 2020-21. The implementation of goods and service tax (GST) & demonetization has diminished the interstate barriers to trade and has aided in free movement of goods as well as payout which has resulted as a win-win for all stake holders.

However, the current pandemic i.e. corona virus (covid-19) outbreak has brought considerable human suffering and major economic disruption globally with the growth prospects of the global economy becoming highly uncertain. The adverse impact on global business confidence has been witnessed in the first quarter of 2020, with financial markets demonstrating high volatility and capital flight, especially in emerging market economies where investors have been major sellers in stock markets.

c. Outlook:-

Even during these difficult circumstances, the Company is taking all efforts to improve sales to get more orders at competitive rates. The company is further planning to manufacture textile products in near future.

d. Risks and Concerns:-

Textile industry is always subject to facing crisis in a cyclical way. Timely action is needed to overcome this situation by taking corrective and proactive steps, then and there. Rupee values in the global market has effected in the past six months thus making it extremely difficult to be competitive at a time when some of our major competing countries are depreciating against dollar and exporters are being badly affected. Indian textile industry needs to overcome some of the threats looming large in this front.

BUSINESS SEGMENT: REAL ESTATE

a. Industry Structure and Development:

The year ahead brings with it a clearer policy framework. The real estate sector is quite diversified and provides exciting opportunities across various verticals like construction, design, architecture, investment, marketing etc. and throughout various real estate asset classes like residential, office spaces, warehouse and retail. the real estate market majorly effected due to the introduction of real estate regulatory authority act, 2016 (“RERA”), demonetization, implementation of GST as well as land bill were absorbed in 2017.

b. Opportunities and Threats:

The real estate regulatory authority act which is effective since the year 2016 has brought about overall economic clarity, transparency under RERA resulting in more attractive investment. by virtue of the change in government policies and protection to the investors as well as developers the demand will increase due to our large population base. this sector has grown continually and is expected to stay steady for long. The overall housing shortage has prompted government to introduce interest subsidy to the tune of 6.5% under PRADHAN MANTRI AWAS YOJNA (“PMAY”) for low and medium income households. The current shortage of nearly 20 million houses is the key driver which will have a cascading effect across all asset classes, including luxury real estate.

A major role to play in fulfilling the initiative by government of India in which affordable housing will be provided to the urban poor with a target of building 20 million affordable houses by 31 march 2022.

c. outlook:

India's property market has struggled in recent years amid high interest rates and slowing economy. By introducing various measures the government at the centre has given boost to the sector by instilling confidence to the builders as well as the buyers. We expect FY 2020-21 to be the start of growth year for the Indian economy as a whole in view of various measures being taken by the government.

d. risks and concerns:-

Risks and threats are an imminent part of any business. The major risks and threats to our business are constraints of funds, human resources, change in government policy's and legal compliances.

Internal control systems and their adequacy: -

The company has proper and adequate systems of internal controls. Regular internal audits and checks are carried out to ensure that the responsibilities are executed effectively and that adequate systems are in place.

Statement of caution:

Representations and statements made under "Management Discussions and Analysis" is based on the projection and expectation on the basis of the present market conditions. Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Ind AS Financial Statements

The Management and Board of Directors of the Company are responsible for the matters stated in section 134(5) of the Companies Act, 2013 ('the act') with respect to the preparation of these standalone Ind AS financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards (Ind AS) specified under Section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2015 (as amended).

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgement and estimates that are reasonable and prudent; design, implementation and maintenance of adequate internal financial control, that are operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements Ind AS that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Standards on Auditing, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

“ANNEXURE B” TO INDEPENDENT AUDITORS’ REPORT OF EVEN DATE TO THE MEMBERS OF RRIL Limited (Formerly known as S R K INDUSTRIES LIMITED) FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2020

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **RRIL Limited (Formerly known as S R K INDUSTRIES LIMITED)** (“the Company”) as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, specified under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to you, the Company has in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
